Dear Mr. Noe,

I am very glad to support Mr. Murre's application for the post with the American Numismatic Society. He is a young man of pleasing personality and good character. Although he has had no training in numismatics, he has a good classical background. He is a graduate of Gettysburg College, and, after a year's graduate work in Classics at Princeton, received his M. A. in Classics last June. He is a careful student, and I think that you will find him accurate. He is somewhat diffident and will not venture on any statement unless he is sure that he is right. Sometimes his overcaution may give the impression of knowing less than he really does. I like him very much personally, and I think that you will do so as you know him better and he becomes more familiar with your work.

Yours very truly

Allen C. Johnson

Professor Allan C. Johnson

Princeton, New Jersey

Dear Professor Johnson:

Thank you very much indeed for your note of August 16th, endorsing Mr. Mosser. I am very glad indeed to have just the information you give me and naturally I rejoice that your recommendation can be in such unqualified tones.

If opportunity offers, we should be very glad to welcome you here either before or after Mr. Mosser's coming - I should like to have you see the equipment and opportunities we have to offer for the student in/classical field.

Sincerely yours,

Secretary.
